

SEVERE STORMS
VISIT MISSOURISeven Persons Killed and Two
Towns Swept Away.

GREAT HAVOC IN ST. LOUIS

Terrific Wind, Hail, Rain and Electric
Storm Sweeps the City, Causing
Three Deaths and Immense Damage
to Property—Elevator and One Mil-
lion Bushels of Grain Blown Into
Mississippi River.St. Louis, April 14.—Four negroes
are known to be dead, a number in-
jured, one seriously, and three miss-
ing, following a tornado which wrecked
the town of Valles Mines, Mo., forty
miles southwest of here.News of the storm, which damaged
much property, tore up trees, paralyzed
wire communication and blocked rail-
roads, was first received at Festus,
Mo. A train crew raced over the rails
of the Mississippi River and Bonne
Herr railroad from Valles Mines, car-
rying terrified passengers out of the
danger zone.Relief parties from Festus tried to
reach the stricken town, but found the
roads blocked by high water. It is be-
lieved that a second storm visited the
place, as the one which demolished
Cadet, Mo., ten miles south of Valles
Mines, was reported from De Sota as
sweeping in that direction.A terrific wind, hail and thunder
storm, accompanied by a heavy down-
pour of rain, swept over this city,
causing many thousands of dollars of
damage and indirectly three deaths.The dead include a driver of a team
of mules who, with his mules, was
electrocuted by running into a live
wire, a woman who succumbed to
fright and another woman who was
killed in a runaway. The horse she
was driving took fright during the
storm.

Elevator Blown Into River.

Houses were blown down in the out-
skirts of the city and in the extreme
north end an eight-story elevator con-
taining 1,000,000 bushels of wheat, val-
ued at \$750,000, was blown into the
Mississippi river.The damage was particularly heavy
in the West End, North Side and in
St. Louis county, where many green-
houses were demolished by the hail-
stones, which measured more than
two inches in diameter. The city
parks were denuded of plants, and
flowers in the city's greenhouses were
destroyed.The storm came as thousands were
on their way home from downtown.
As windows in the street cars were
broken the excitement approximated
a panic.Persons in various parts of the city
were reported stunned by falling hail-
stones, though no serious injury to
any one from this source was reported.
Five persons are reported dead and
a score injured at Cadet, Mo., a town
of 300 inhabitants, as the result of a
tornado which practically demolished
the town. Wires are down in every
direction.

SWEPT BY ROARING FIRE

Grandstand and Bleachers at New
York Ball Park Burn.New York, April 14.—Ten thousand
persons stood on Coogan's bluff and
saw the National League baseball park
swept by a roaring fire which reduced
three sides of it, including the grand-
stand and most of the bleachers, to
ashes in less than three-quarters of an
hour. Originating from some un-
known cause the blaze spread with
almost incredible swiftness, licking up
first the double decked grandstand
and spreading then to the bleachers
at the south and north.The grandstand was a crescent in
shape and had been enlarged in the
last two years so that it covered half
the circumference of the grounds and
seated about 20,000 persons. The loss
is estimated at \$75,000.

FOUR MEN ARE MISSING

Feared They Have Perished in Lake
Superior.Duluth, April 14.—It is feared that
Olo Olson, Harold Olson, Helge John-
son and Nels Swanson of Two Har-
bor, Minn., have perished in Lake
Superior.They left Two Harbors in a gaso-
boat March 31 for Grand Portage
Isle Royale and nothing has been
heard of them since they
left at Grand Marais, April 1.The steamer Eaton has been all
round Isle Royale and down the north
shore twice this season and no word
has been brought back of the missing
men. They had expected to be gone
not more than a week.

WHE GROWERS MORE CALM

Riots in France Apparently Are at an
End.Epernay, France, April 14.—Owing
partly to the unrelaxing vigilance of
15,000 troops and partly to the vote in
the chamber of deputies nullifying the
action of the senate with reference
to the delimitation of the champagne
district, comparative calm now pre-
vails in the department of Marne and
there is every indication that the pop-
ulace will act with more moderation
from this on.REBELS STORM

tacular Engagement.

Mexican Soldiers Promptly Disarmed
by American Troops on Arriving in
Arizona—American in Douglas Is
Struck by Stray Bullet and Killed
During the Battle—Dead and Wound-
ed Brought Into American City.Agua Prieta, Mex., April 14, via
Douglas, Ariz.—Agua Prieta surren-
dered to the rebels after one of the
most spectacular battles of the Mexi-
can insurrection. There are many
dead and wounded, including one
American dead, E. W. Crow, who was
struck by a stray bullet in Douglas.
Others in Douglas were wounded.This is the first time during the in-
surrection that any person has been
killed on the American side as the
result of the border fighting.The dead and wounded of both the
rebels and federals are being taken to
Douglas.Federal soldiers to the number of
thirty fled to the American side an
hour before the battle ended and
were disarmed by the American
troops. The rebels shot down many
federals as they ran.Wounded federal prisoners were es-
corted from Agua Prieta to the border,
where they were released as fugitives
on American soil.Lopez' band numbered not more
than 150, while the federal defenders
numbered sixty-five.It was stated that the rebels will
try to hold Agua Prieta in the hope of
winning recognition as belligerents
by the United States. Agua Prieta is
a port of entry.Agua Prieta is the terminal of the
Nacozari railroad into Sonora and is
the most important point on the bor-
der between El Paso and the Pacific
ocean.

REVISION OF WOOL SCHEDULE

Tariff Board Unable to Report at This
Session.Washington, April 14.—Revision of
the wool schedule of the Payne-Ald-
rich tariff law, accepted as forming
part of the programme of the Demo-
cratic house of representatives, will
have to be undertaken without the as-
sistance of the tariff board. It was
announced, following the first full
meeting of the house committee on
ways and means, that the tariff board
is not yet in a position to furnish in-
formation on the wool schedule that
would be of use to that committee.The board has informed Chairman
Underwood that while it wishes to do
everything possible to aid congress in
tariff legislation it unanimously has
decided that submission of the incom-
plete data on wool growing, which is
now in its possession, would be mis-
leading and unfair to the board and
that a partial report, with many state-
ments unverified, should not be sent to
congress.

GOES BACK TO THE SENATE

Minnesota House Amends and Passes
Recall Bill.St. Paul, April 14.—The recall bill
is again up in the senate. It was
passed by the house by a vote of 104
to 14, but it was amended so that it
will be necessary for the senate to re-
pass it.The senate decided, by a vote of 42
to 17, to adjourn its sessions until Mon-
day, leaving but two more days for
the passage of bills.That the Crane distance tariff bill,
a duplicate of the Cashman measure,
passed by the house, will be reported
to the senate for indefinite postpone-
ment by the committee on railroads,
became evident at a meeting of the
committee.

UPON CHARGES OF HERESY

President of Morningside College May
Be Subject of Inquisition.Kansas City, April 14.—It was an-
nounced here that the utterances of
Rev. Luther Freeman, president of
Morningside college at Sioux City, con-
cerning the authority and inspiration
of the Bible, are to be made the sub-
ject of an inquiry by a committee of
ministers of the Methodist church.The Bible, Dr. Freeman's hearers un-
derstood him to say, is not in its en-
tirety the inspired word of God.

Widow Forgives Murderer.

Boise City, Ida., April 14.—Behind
the walls of the Idaho penitentiary
there was enacted a dramatic scene
when Harry Orchard, murderer of for-
mer Governor Frank Steunenberg and
confessed slayer of fourteen other
men, stood face to face with the woman
he had widowed and was forgiven by
her for his crime, for which he is
serving the balance of his life in
prison.

Berlin, April 14.—The resignation of
Count J. P. von Bernstorff as ambas-
sador to the United States is announced.
His health was given as the cause. He
will be succeeded by Count von
Stumm, now on the staff of the Ger-
man foreign office.SCHOONER FOUNDERS
IN LAKE MICHIGANSix Men Perish When Squall
Drives Craft on Reef.Sturgeon Bay, Wis., April 14.—Lake
Michigan claims the first victims for
the season of 1911. The schooner Ot-
tawa was wrecked and the entire
crew of six men were lost. The cap-
tain was John Weborg of Marinette
and the only other man known was a
sailor named Norquist.These two and a seaman whose
name is unknown, about thirty-five
years of age, with tattooed rings
around the wrists, have been recover-
ed by the lifesaving crew, which is
still patrolling the beach looking for
bodies.The Ottawa is owned by the Soper
Lumber company of Marinette and
was bound from that port to Milwan-
kee with lumber. A terrific squall
from the southeast drove the vessel
on a reef of clay banks about six
miles south of Canal. The crew, sup-
posing that the craft would go to
pieces in the tremendous seas that
broke over her, took to the lifeboats.

PASSES THROUGH MILES CITY

Cowboys Give Colonel Roosevelt
Noisy Greeting.Miles City, Mont., April 14.—Colonel
Roosevelt passed through Miles City,
his old time headquarters during his
“cow days” on the range where he
attended the cattle men's convention
when the colonel himself owned a cat-
tle ranch near Melford, S. D. When
his train rolled into Miles City, still
the heart of the cattle raising indus-
try of Montana and the center of an
immense range country, the colonel
was given a greeting that was well
calculated to bring back vivid mem-
ories of his cow punching times.Fifty cowboys lined up on either
side of the train line and turned loose
their sixshooters and the fusillade
sounded like a pioneer battle with
Indians. When the cowboys had fired
every shell they had the cowboy band,
one of Montana's best musical organi-
zations, started its strains, being ac-
companied by a terrific din of the
shrill “Ki-yi's” of the range. The call
fairly made Colonel Roosevelt dance
on the rear platform of his car.

THREATEN SPECIAL POLICE

Striking Muscatine Button Workers
Resent Importation.Muscatine, Ia., April 14.—The im-
portation of twenty special officers
from Chicago and an appeal to Gov-
ernor Carroll for four companies of
soldiers to maintain the peace formed
stirring events in connection with the
strike situation as it affects the hun-
dreds of button cutters who lately de-
serted the local factories.The importation of the special po-
lice from Chicago has had the effect
of inciting the unionist forces and this
was the direct occasion of the appeal
of Sheriff Vanatta to the governor for
the presence of the state guard.The special officers several times
charged the crowds in the vicinity of
the button plants and it is said that
they clubbed indiscriminately the men
and women and that in many in-
stances guns were drawn, although no
firing has been reported.

Anti-Injunction Bill Offered.

Washington, April 14.—An anti-in-
junction bill is to be included in the
legislation to be pushed by the Demo-
cratic majority in the extraordinary
session. The bill was introduced by
Representative Henry of Texas. It
provides that no writ of injunction or
temporary restraining order shall be
granted in any case without reason-
able previous notice to the adverse
party and notice of the time and place
of the proposed action.BRYAN IS STILL
MAN OF POWERSome Democrats Resented His
Advice to Congress.

HAS VERY MANY FOLLOWERS.

Those Who Disliked His Interference
In Canadian Reciprocity Recalled
That He Advised Retention of the
Philippines—Seven Republican Sen-
ators Who Voted For Him.By ARTHUR W. DUNN.
Washington, April 14.—[Special.]—
While there were many Democrats
who resented the interference, or, at
least, appearance, of William J. Bryan
at the national capital when the Dem-
ocrats came into power in the house
and were making gains in the senate,
it cannot be doubted that Bryan still
has a very strong hold upon the af-
fections of his party.It may be that he does not expect to
be a candidate for president next year,
but many men believe he is much
stronger than any other Democrat, and
others say that a million Democratic
voters will not support any other man
unless he is Bryan's personal choice.
The applause which Bryan received,
the attention given him and the state-
ment that every declaration made by
Speaker Clark were Bryan policies
made it apparent that the Nebraska
man was still a power in his party.Senate Minority Leader.
But there was resentment that Bryan
should interfere in the choice of a
minority leader; also that he should
have advised the Democrats to pass
the Canadian reciprocity agreement
without amendment. Democrats who
have never been Bryan admirers were
indignant, while others insisted that it
would be much better to let the Dem-
ocrats in congress manage their own af-
fairs.It was recalled that the last time
Bryan took an active part as adviser
of the Democrats he urged the ratifi-
cation of the treaty which fastened the
Philippine Islands upon the United
States. But whatever they may say or
do they cannot keep Bryan from ex-
pressing his opinions on Democratic
policies and procedure.Bryan Republican Club.
There is in the senate a Bryan Re-
publican club or seven Republicans
who once voted for Bryan for presi-
dent. That was back in the silver
Republican days, when western men
were almost all for the sixteen to one
champion. The seven are said to be
Sutherland of Utah, Borah of Idaho,
Dixon of Montana, Bourne of Oregon,
Poindexter of Washington, Nixon of
Nevada and Guggenheim of Colorado.
It is claimed by this “seven Bryan
Republican club” that Bryan will
again be the nominee for president.Democratic Enthusiasm.
The Democratic party is the organi-
zation of sentiment, of enthusiasm, of
cheers and everything that goes to
make a grand hurrah. Naturally, the
Democrats feel like cheering coming
into the possession of the house after
fifteen years. But they cheered Bryan,
they cheered Harmon, they cheered
Champ Clark, and they made a dem-
onstration in presenting a gavel to the
new speaker.Bryan was at the little old Clifton
hotel in Chicago when he first was
nominated for president. As soon as
it was known that he was the nominee
the crowds began to surge into the
small hotel. In that crowd was a de-
legation from Kentucky headed by the
famous Jack Chinn. Jack presented
some token from Kentucky to Bryan
and talked about the sentiment con-
nected with it.“My friends,” said Bryan, “I feel
that this is going to be a sentimental
campaign.” And so it was. In fact,
true Democracy seems to be bubbling
over with sentiment, and the new
Democratic house is no exception.

“The Laird of Skibo.”

Mrs. Champ Clark was literally
buried in flowers the day her husband
was sworn in as speaker. Among the
donors was Andrew Carnegie, who
not only had the finest orchids to be
found in the country, but went in per-
son to present them to Mrs. Clark.
“The laird of Skibo” has seldom taken
so much pains to do a graceful act.The women of the Congressional
club held a meeting soon after the
assembling of congress, and their
rooms were decorated from the over-
flow of the Clark residence.War Veterans Remembered.
Among the first bills introduced were
those for the increase of pensions to
the soldiers of the civil war, practically
giving them service pensions. The vet-
eran General Sherwood introduced No.
1 for that purpose, and Cy Sulloway of
New Hampshire introduced No. 3,
which is the original Sulloway bill.
Congressman Langley of Kentucky in-
troduced No. 4, which is a general ser-
vice pension bill.

Little Champ Clarks.

They are naming the babies for
Champ Clark these days. Hundreds of
letters are received at the new speak-
er's room showing that the enthusias-
tic admirers of the Missourian are call-
ing their boys Champ Clark. This is
an indication of popularity and has its
vogue as each great man passes across
the public stage.

FLOCKING TO CORONATION

Americans Flood Embassy and Con-
sulates With Requests.London, April 14.—Thousands of
people are coming from America for
the coronation and from the appear-
ance of embassy and consulate mail
bags a large proportion of them want
something.The majority of the requests are
reasonable, many are difficult to com-
ply with and a few are ridiculous.
There will be many chances to see
King George and Queen Mary and wit-
ness ceremonies scarcely less interest-
ing than the coronation itself. Five
times in May and June their majesties
will drive through the streets of Lon-
don.FURTHER SENSATIONS
IN LORIMER INQUIRYEdward Tilden Declines to Pro-
duce Bank Accounts.Springfield, Ill., April 14.—Two im-
portant developments occurred in the
hearing of the state senate commit-
tee which is investigating the election
of William Lorimer to the United
States senate.The first was the disclosure by the
attorneys and investigators of the
committee of an alleged campaign to
discredit Edward Hines, Chicago lum-
berman, who is charged with having
collected a large fund to elect Lor-
imer. Hines testified two weeks ago
that he had no knowledge of any such
fund.The second development to arouse
general comment was the practical re-
fusal of Edward Tilden, president of
the National Packing company and
banker, to produce before the commit-
tee his accounts in the various banks
through which he does business.Mr. Tilden's attitude on the witness
stand resulted in the issuance of a
second subpoena by the committee.
This subpoena was served upon Mr.
Tilden as he stepped from the witness
chair in the supreme court building.
The subpoena commands Mr. Tilden to
produce before the committee next
Thursday the records of his various
bank accounts in the year 1909.Refusal to do so, Mr. Tilden was
given to understand by Attorney Healy
of the committee, will result in an or-
der of contempt being issued by the
committee against him.

made by persons living along the Red
River of the North that obstructions
placed in that stream on the Canadian
side of the border interfered with the
progress of fish toward the United
States will be made the subject of
diplomatic exchanges with Great Brit-
ain. The complaints of Minnesota
and North Dakota citizens interested
were placed before the state depart-
ment by Representative Stearnson,
who was informed by Secretary Knox
that the matter would be taken up
with Canada through the English am-
bassador.

North Dakota Jurist Addresses High
Court of Impeachment.Bismarck, N. D., April 14.—Judge
John Cowan, impeached jurist of the
Second judicial district, was before
the high court of impeachment pre-
sented the theory upon which the de-
fense of charges lodged against him
in the articles of impeachment would
be based and when that body ad-
judged he had not yet finished his
remarks.Every detail of the great case has
been covered carefully by the accused
up to the point that he reached, this
including all of the charges of drunk-
enness, both specified and unspecified,
the charges of frequenting drug stores
and purchasing liquor unlawfully
therein, together with a portion of the
actions at law and the making of de-
cisions in which he is charged with
having been negligent.

TREATY EASY TO ABROGATE

Argument Wins Many Supporters for
Reciprocity Agreement.Washington, April 14.—The one
most potent argument in favor of
Canadian reciprocity—not the most
profound nor the most statesmanlike,
but the one that is bringing the most
votes—is the ease with which reci-
procity can be abrogated.One simple little resolution, adopted
by a majority vote by the two houses
of congress, is all it takes to abrogate.
And, this being so, many members are
saying they are willing to try reciprocity,
because they know if it turns out
to be the bad thing its enemies allege
it to be they can do it to death at
any time by a simple operation.

A Bad Boy of Colonial Days.

A notebook of a justice of the peace
in Connecticut in the year 1750 speci-
fies the behavior of a certain small
meeting house boy as follows:A rude and idle behavior in the met-
ing house such as smiling and laughing
and inticing others to the same evil.
Such as laughing or smiling and pull-
ing the hair of his neighbor benoni sim-
kin in the time of public worship.Such as throwing Sister Pentecost
Perkins on the ice being Saboth Day
or Lord's Day between the meeting
house and his place of abode.—Bliss,

Relative of Ex-Congressman Hangs
Himself at His Home.Norfolk, Neb., April 14.—W. A. Taw-
ney, aged forty-two, a brother of ex-
congressman James A. Tawney of
Minnesota, committed suicide at his
farm in Pierce county by hanging
himself.Temporary insanity is the cause as-
signed. A brother in Saunders coun-
ty, Nebraska, killed himself in the
same manner about ten years ago.

GRAIN AND PROVISION PRICES

Building Operations at Green Bay, Wis.,
Indefinitely Postponed.Green Bay, Wis., April 14.—John
Humphreys, representing the state ar-
bitration board, is here for the pur-
pose of effecting an adjustment of the
labor trouble existing between the
contractors and the carpenters and
painters.Conferences have been held by
Humphreys with both masters and
workers and he has a thorough under-
standing of the differences existing
between them and of the demands for
a wage increase made by members of
the Carpenters' and Painters' unions.The strike of the carpenters has
held up nearly all building work in
the city. Two planing mills have
been shut down and planing building
work may be put off indefinitely.
Some settlement is hoped for by the
business interests of the city.

N. E. Barber today received a box of large juicy delicious oranges from Redlands, California, that were grown by Fred Davenport, formerly of this city, on his orange grove at that place in California. The oranges were wrapped in paper bearing the label of Redlands Golden Orange Association, and were certainly beautiful samples of this delicious fruit.

Mr. and Mrs. Richard E. Looker returned to St. Paul this afternoon. Mr. Looker has land on the Cuyuna iron range and was inspecting his properties. His wife accompanied him on his visit at the Kennedy mine and together they ascended the cage to the 250 foot level. They walked nine miles one afternoon and thoroughly enjoyed their little outing and gathered a host of amusing experiences.

On Sunday evening, April 16th, a special farewell meeting will be held at the Salvation Army hall, 219 S. Fifth street, in honor of Lieutenant Phil Gerringer, who has been in Brainerd some time and is about to leave for Bismark, N. D., to do army work there. All friends are invited to come and say farewell to the parting officer who has made a good record while in this city and has done much to increase the efficiency of the Salvation Army in Brainerd.

Sincerity Clothes

EASTER

No matter how carefully you dress on other days of the year, Easter Sunday always calls for your best. It's splendid foresight to make Easter preparations early so as to secure the best.

Sincerity Clothes

are easy to see and not hard to buy.

Positively, there must be lines to your clothes which will emphasize your youthful, lithe figure and reflect your personality. Have you been able to find such clothes? Have you at times thought you had found them, only to find you hadn't? Clothes or no clothes, you'll surely be wanting an Easter hat, tie and other new toggery, all are pleasingly priced.

OPEN PIT MINE MAY BE FOUND

Ore Located at a Depth of 30 Feet
on the Jack Olmstead
Homestead

LUCKY SUPERIOR & CROSBY MEN
Land Owned by a Company Formed
in 1909 With Dr. R. J. Sewall
Secretary

The Duluth Herald conveys the news of a strike which may be the foundation for the first open pit mine on the Cuyuna iron range, when hitherto all ore finds have been deep mine or shaft propositions. The article reads:

"What promises to be another rich strike of ore on the Cuyuna range, has just been made at a depth of only thirty feet.

This strike crosses what is known as the Jack Olmstead homestead, the southeast of the northeast, and the northwest of the southeast of section 18-46-29.

This property was purchased from Mr. Olmstead just after he had received his government patent, by Dr. R. J. Sewall, of Crosby. It has always been looked upon as one of the most promising properties on the range.

In 1909 a company was formed with Charles W. Potts of Superior, as secretary; Dr. H. J. O'Brien, president; Dr. R. J. Sewall, vice president; and J. T. Murphy, treasurer. The drilling now in progress is being done in conjunction with the Williams-Brown interests whose property adjoins on the east.

Up to the present a surface of thirty feet is the least known on this range, and would appear to put this property in the stripping class, or open pit, as on the Mesaba.

In any case explorations will continue on the property until the width and depth of the ore body, which is known to be a large one is mapped out."

Special—GRAND—Notice

Owing to the length of the program, one and a half hours, the performance at the Grand during the latter part of the week will commence at 7:30 P. M. and 9:10 P. M.

CHILD BURNED TO DEATH

3 Year Old Son of Frank Cleave, of
Tamarack, Expires on Way
to Hospital

Hurried to Brainerd from Tamarack, where the three year old son of Mr. and Mrs. Frank Cleave had played with fire in a stove and burned himself seriously, the poor little body was transferred to the ambulance of a local hospital and the breath of life passed out before he could receive treatment.

The boy named Spencer always slept with his father and yesterday afternoon left the lounge where his father was sleeping and wandered to the kitchen stove which he filled with bark. This flamed up and set fire to his clothes and burned him seriously before his father, attracted by his cries, could extinguish the cruel flames.

His face, arms and body were pitifully burned and he was hurried to Brainerd in an effort to save his life, dying, however, while in the ambulance before the hospital could be reached. The funeral was held this afternoon from the undertaking parlors of B. C. McNamara & Co., with interment at the Evergreen cemetery. Rev. Charles Fox Davis officiated.

"U" GLEE CLUB

A Large Audience Attended the Con-
cert Last Night and Was Well
Pleased

A large audience attended last night's performance of the Glee and Mandolin club of the university of Minnesota. The singing of the glee club was very good, the voices being well modulated and the chorus evenly balanced, the tenors being especially pleasing. John Lyons was the leader of the glee club and they had to respond to numerous encores.

The Mandolin club was under the leadership of R. W. Whittier and was composed of three first mandolins, three second mandolins, flute, violin and harp guitar. Their playing was characterized by a soft, beautiful cadence and they also responded to repeated encores. Frank Leslie played a mandolin solo, "Shibboleth's Reverie," a most difficult selection in double stopping. A novelty song by the glee club was the "Vocal Combat" by Buck, wherein the melodies of "Then You'll Remember Me" and "Rocked in the Cradle of the Deep" charged each other and the "Cradle of the Deep" carried the day with its heavy basses. Ralph Knight made a hit with his "Little Dog Yodel," "Miles Sandwich," and "Barbara Frietchie." Other sketches and selections evoking liberal applause were the "Monkey on a Rubber Tree," "The Sweet Guitar," "Kollege Kids," "Prison Scene," "Four Little Girls," and the "Rouser" at the finish.

The boys disbanded at Brainerd and returned to their respective homes today, pleased with the reception accorded them by the citizens and old graduates of Brainerd. In this Easter tour they visited and sang at Alexandria, St. Cloud, Glenwood and Brainerd and spread the fame of their musical organization and proved a credit to the university of Minnesota.

COMMISSIONERS PROCEEDINGS

Minutes of Special Meeting of Coun-
ty Commissioners Held April
12th, 1911

Pursuant to call of the chairman, notice of which had been sent to each member, the board met at the county auditor's office at 11 o'clock a. m. on April 12th, 1911.

All members present. The meeting was called for the purpose of taking action on petition for change of highway at the townsite of Barrows near the corner of section 9, 10 and 16 township 44, range 31.

The committee which examined the route of proposed change reported as follows:

The undersigned committee appointed by you to examine the proposed change of a highway as stated in the petition referred to in your order of appointment made on the 7th day of March, 1911, would respectfully report that we met at the time and place designated in your said order, and proceeded to examine the highway proposed to be changed, viz: Beginning at a point about 20 rods north of the platted town of Barrows, on the road as now located and traveled on the west side of the right of way of the Northern Pacific Ry., thence westward about 500 ft. to the main street in Barrows, thence southwesterly along said street about three-fourths of a mile, thence easterly back to the road as now traveled beside the said right of way.

And do recommend that the road should lead diagonally back to the railroad right of way instead of at right angles as laid down in the plat.

And do further recommend that no damages be allowed, as the landowners affected will be benefited more than damaged.

And do further recommend that the prayer of the petitioners be granted with above amendment.

Do also state that, in the opinion of this committee, no further survey of said route will be necessary, as the road will follow a street as laid down and established in the townsite of Barrows aforesaid which said street is dedicated to the use of the public by the proprietors of said townsite.

Given under my hand this 12th day of April, 1911.

HENRY POPPENBERG,
Committee.

No objection to said change was offered, and upon motion the report was accepted and the petition granted and road established in accordance with committee's report.

There being no further business the meeting then adjourned.

J. F. SMART,
County Auditor.

HEARD ROOSEVELT

Engineer Timothy Brady, on His Way
Home From Fargo, Hears the
Colonel at Staples

Returning from Fargo, N. D., in the vicinity of which he has a large farm, Timothy Brady, an engineer of the Northern Pacific railway, had the pleasure of hearing Col. Roosevelt address a large assemblage at Staples this noon. The ex-president spoke from the rear platform of the train and his remarks were listened to with great interest.

His address was highly complimentary to the ladies and children and in his closing remarks said the citizens of the United States were good fellows but the women were better fellows.

Col. Roosevelt also spoke at Fargo and Detroit, large crowds hearing his impromptu speeches at both places.

General Manager Gemmell Inter-
viewed About Rumored Changes
in N. P. Divisions

General Manager W. H. Gemmell, of the Minnesota & International railway was interviewed today when he returned from a trip of inspection on the line in the vicinity of Bemidji.

When asked about the rumored changes in divisions on the Northern Pacific line he stated: "I have heard nothing about this and so cannot say anything."

The rumors emanating in Staples forecasted the following changes, many most radical in their nature.

The Minnesota and St. Paul divisions were to be combined with offices at Staples in charge of Supt. Sovereign. The Duluth Short Line was to be taken from the Lake Superior division and made a division with the St. Paul terminals under Supt. Kline. The Minnesota & International railway was to become a part of the Lake Superior division under Supt. Nicoles.

If this latter change was to go into effect it would mean the discontinuation of many of the local offices at the M. & I. department in the depot, such business being handled at St. Paul. Such a change might help the road but would certainly not benefit the city.

way and took the Overland roadster, a car used for demonstrating and enjoyed a "joy ride" some time after midnight. The car was returned to the garage and the doors closed. Some time last week parties tried to gain entrance to the garage of Dr. Hoorn either to steal the machine or take a ride. "Joy riding," under a recent law, is a misdemeanor and punishable by fine or imprisonment.

Howard Willett, colored, swore out a warrant charging Charles Washington, colored, with assault and battery and the latter gentleman is now lodged in jail awaiting a hearing. This proceeding appears to be a recrudescence of the pugnacious disposition displayed by the principals in this drama, both owning rival bootblacking establishments and each claiming, it is said, that one impinges on the other's territory or sphere of trade. The outcome of the matter is awaited with a good deal of concern and speculation by the patrons of both places, one stand being under the First National bank and the other under the Citizens State bank.

PARK IMPROVEMENTS

Gregory Park Receives Substantial Presents From Three Public Spirited Citizens

Chairman of the Park Board S. R. Adair is pleased to announce that the board has received presents for Gregory Park from three public spirited citizens.

D. A. Peterson, the grocer, has donated fifty gold fish for the aquarium and a place is now being arranged for them until they can be released in warm weather.

P. A. Erickson, the florist, has given the park a handsome white oleander and Mons Mahlum, the lumberman, has donated a pink oleander of sturdy growth.

The planting, shrubbery and decorative tree planting has now been about completed in Gregory park. At Lam park a dock is to be built and other material improvements made. The south Sixth street park will not be neglected by the board. It will be graded, seeded down and a number of trees planted.

SOCIETY EVENTS

The Bohemian Club dance on Easter Monday, April 17th, promises to be well attended. It will be given at the Citizens State bank hall. An orchestra will furnish the music for the dance which commences at 8:30. The committee in charge is composed of the Messrs. Clarence Stickney, Harry Carlson, Al. Mraz and Henry Ousdahl.

Hope Hose Co. No. 2 gives its 29th annual ball at Gardner's hall on Easter Monday, April 17th. The City Band will furnish the music for this event which is certain to be well attended. These dances, given annually, have always been a source of pleasure to the many who have attended and this dance promises to be as successful as its predecessor.

Eat Luscious "Sunkist" Oranges

"Sunkist" Lemons

If you want the finest lemons grown in California, look for the "Sunkist" brand and vote how much juicier they are and how much farther they go in preparing sauces, cakes, pies, salads and drinks.

Seedless—Fibreless—Juicy and Sweet—A Perfect Fruit

Five thousand California orange farmers, raising 60 per cent of the state's entire crop, select, each season, their perfect oranges and pack them under the name "Sunkist." This enables you to recognize and buy California's choicest, tree-ripened oranges.

Until you have tasted a luscious "Sunkist" orange, you cannot begin to appreciate the excellence of oranges that are properly grown, rigidly inspected, carefully packed and swiftly transported. Serve "Sunkists" on your table tomorrow morning and learn the superiority of tree-ripened, fibreless, seedless, solid and sound oranges over the commonplace kind. "Sunkist" oranges are so nearly all food that they are much the cheapest kind to buy.

"Sunkist" oranges are thin-skinned and are hand-picked. The "Sunkist" orange is a firm, solid fruit. Ask your dealer for the "Sunkist" kind and make sure that each orange you get is packed in a tissue paper wrapper labeled "Sunkist." For these wrappers are valuable.
